Experience a Natural Look and Comfortable Treatment

CLARITY™

Clarity™ Aesthetic Braces give you a lot to smile about. When you're wearing Clarity Braces your natural beauty shines through every time you smile.

Smooth, sculptured and translucent, Clarity Braces are a fashion statement in orthodontic wear.

Clarity Braces won't stain or discolor, and will look as good the day they come off as the day your Orthodontist put them on!

**Millions of people
around the world have
trusted their smiles to
Clarity™ Braces**

Forget traditional metal braces.

Let your natural smile shine through with the translucence of Clarity™ Aesthetic Braces. Strong, yet comfortable and lightweight, you'll hardly know they're there!

Experience the natural look of Clarity™ Aesthetic Braces for yourself. Ask your Orthodontist for more information.

- Clarity Braces have been used to treat millions of patients worldwide, more than any other aesthetic braces.
- Clarity Braces are designed to treat as fast as metal braces.
- More than 14 years of clinical experience have shown that Clarity Braces are an effective treatment choice.
